age

Holland alumni are those who have studied or engaged in an academic research in the Netherlands.

In Indonesia, the network is very diverse - in age, geographical location, academic background, and professional expertise.

Many Indonesians are frequently looking for career opportunities, either they are young fresh graduates or mid-career professionals.

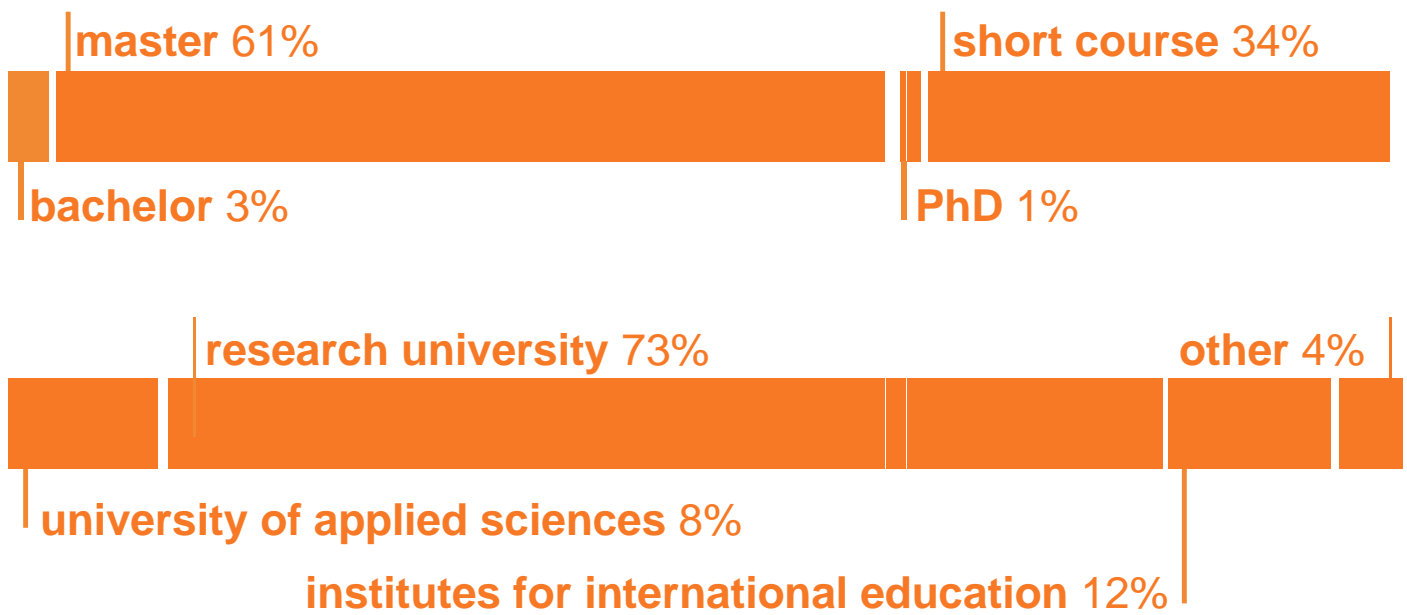

geographical distribution

Holland alumni are spread across Indonesia, but many of them are currently living in Jabodetabek area (55%).

Another 32% are living in other areas in Java island - most of them in big cities like Surabaya, Yogyakarta, Semarang, and Bandung.
